

GENERAL INTRODUCTION

Waleed Al Howaish Cont. Est., was established in 1989, as a contractor and real state business developer, provides superior consulting services and solutions for the client, serving them with the high qualified experience the team company has, brings a fresh and innovate approach to consulting services, acting as liaison between the client and the company.

The success of our company performance is based on an efficient organization, dynamic and entrepreneurial management, implanting through successive processes of mergers, takeover and strategic plans committed to the clients satisfaction.

The company employs over 103 people, which include an experienced professional staff, all focused on one goal, that the services provided exceed the expectation of our customer.

We firmly believes that the major factor in any successful organization is professional personal with pride and ability to function in a team effort.

Every employee shares the company's intense commitment for quality, value and professional performance. The company maintains a full list of support services for its own operations including housing facilities, warehousing maintenance and repair facilities.

Also we provide a project manager to each project it handles, no matter how big or small is. The project manager will assume full responsibility for the implementation, installation, testing, inspection and maintenance of the project. Working with the project manager, experienced engineers (Civil, Electrical, Design...) and support personal.

QUALITY AND PHILOSOPHY OF OUR COMPANY

Quality, only can be achieved through the effort and the involvement of all the people who make our business by encouraging, innovation, creativity, trust, respect, credibility and honesty.

For that reason our company encourages and provides the means for developing and implementing management systems for continuous improvement of processes through the annual review of the policy and system objectives.

All with the purpose of being an organization with an excellent management and benchmarking in the construction sector.

Our MOTTO is: CONTINUOUS IMPROVEMENT

We pride ourselves on becoming involved in all aspect of your project, lending our construction experience to the design team as well as understanding and managing the complicated municipal approval process.

Walid Al Howaish responds to the needs of the new competitive environment in which management capability and future vision become the essential tools for consolidating the leadership of the company in Saudi Arabia.

We consistently meet and beat our customer's construction dead lines, when quality will never be compromised.

OUR COMMITMENT

We committed to satisfying its clients needs through the provision of cost-effective engineering solutions on time, within budget, appropriate standards, set the standard by combining professionalism, service and quality.

- To be the preferred supplier of profitable selected engineering construction and environmental services to abroad customer base through sustained quality service.
- To survive and thrive with integrity and enterprise thereby creating stakeholder wealth and opportu nities for employee advancement.
- To provide total quality, cost effective, professional and timely engineering solutions and products to satisfy the business needs of RC'S customers.
- To be the most responsive and reliable engineering company in the industry.
- To encourage and support the empowerment of the historically disadvantaged individuals and communities.
- To instill environmental and safety sensitivity in the communities.

SAFETY POLICY

The only we to work! that is the motto by which we live.

We are committed to safety above all else, and this commitment is central to everything we do our proactive approach creates value for our clients and safeguards our most important asset :

– Our employees & Our entire team is dedicated to maintaining a safetyfocused and environmentally sound business: our safety culture is promoted by each member of our team through planning, implementing and evaluating safety practices on a daily basis.

QUALITY

Our commitment to quality and total customer satisfsfaction is the responsibility of every employee and is demonstrated by our quality system, on going management review, and continual improvement based on customer feedback.
